

# KPDSB French Programs Continue to Expand in Kenora!

**Valleyview Public School's French Immersion Program is now accepting registrations for children entering Kindergarten to Grade 3 for September 2015!**

**Valleyview and Beaver Brae are hosting a French Program Information Night on February 26!**

**Stop in to Valleyview any time between 5:00pm to 7:00pm. Dinner is provided and information about our French programs will be available.**

100% of Valleyview's French Immersion program instruction is in French in Kindergarten and Grade 1! As children grow through the program, English language instruction is introduced in Grade 2 and increases through to the Grade 8 level to allow them to develop strong literacy skills in both languages. Valleyview is the only dual-track (English and French Immersion) school in the region! This model allows students to learn and grow in either of Canada's official languages. Our dual track language program allows families to enrol children where non-immersion siblings are welcome in the same school as family members who are a part of our immersion program. Our classrooms are literacy- and numeracy-rich learning environments, which are accessible to students with a variety of learning needs.

**Beaver Brae is also reinstating their Extended French Program!  
They are accepting registrations now for students  
in Grade 7 for September 2015.**

**Visit [WWW.KPDSB.ON.CA](http://WWW.KPDSB.ON.CA) to learn more!**
